Alex Dubinchyk

Pleasant Hill, CA

alexs.dbk@gmail.com

Status:Green Card Holder

OBJECTIVE

Seeking a challenging position to use my software Web development and process optimization skills.

SUMMARY

  I worked on a wide range of products including building advanced dynamic multi language web sites, internal and external API's, well as creating new internal workflows. My goal is to work in a passionate team, that loves their work and the products they are creating together, supporting, mentoring, optimizing workflows and creating high quality software. I'm energenic, solution oriented team-player, constantly learning and growing as a team, and bringing high spirits along with me.

Technology

- Server side PHP programming, REST, OPP, MVC, Yii framework.

- SQL Database programming: MySQL, SQL, MSSQL.

- Client-side programming: JavaScript, AJAX, jQuery.

- Smarty Template Engine, HTML5, CSS3.

- Webserver installation and configuration: Apache, Nginx, IIS.

- Source control: SVN/Subversion, GIT.

- Platforms: Linux, Mac, Windows.

EXPERIENCE

Actuate http://www.actuate.com/

Full stack PHP Developer
